Offer only available if service is booked before January 31st 2015
Offers and prices are correct at time of publication and are
subject to change without notice.

Where John Deere components are used/replaced on John Deere machines, these components are automatically covered by a 6 month warranty from date of repair. This does not include consumables such as oils and filters.

Get your winter service booked now, save yourself £££s and make sure your mowing equipment is ready for the first cut of Spring. TAG Winter service - Quality Service Guaranteed.

MEET YOUR TAG TURF TEAM

We have one of the most skilled, trusted and reputable teams of Groundscare technicians in the UK. When customers bring their specialist equipment to TAG Turf, they know they will receive the ultimate level of high quality service anywhere in the country.

TAG TURF TIP

Barry King - Senior Turfcare Technician

Winter is rapidly approaching so now would be a good time to check the coolant strength and levels to ensure maximum protection. Top-ups should be carried out using John Deere Cool-Gard II which is a high-quality, ready to use cooling fluid with superior anti-freeze (-37 degrees C) and anti-corrosion properties.
